START YOUR PENN STATE STORY
Every Penn Stater has a story.

With more than 645,000 alumni, that’s a lot of stories.

But while each of those stories has a similar ending—a Penn State degree—the way they begin and the chapters in between are as unique as each Penn Stater.

And one of those unique things is where people start their Penn State story. Most people—sixty percent of those who enroll—start it at a Penn State campus other than University Park.

It can be a smart choice. Personal attention, a welcoming community, a solid academic framework, and affordability are some of the hallmarks of what we call our 2+2 plan: two years at a campus to start your studies, two years at a campus that offers your major to complete your degree.

Go ahead. Explore your options. See what different campuses have to offer. Match your interests with a campus’ academic and extracurricular programs. Choose a Penn State campus that’s right for you, and get ready for a great beginning to a story that will change your life.

Where will you start your Penn State story? Find out today.
Penn State’s **2+2 PLAN** is not a one-size-fits-all option. **This is a find-what-fits-you option.**

Each location has a distinct character. Urban, suburban. City, town. Busy and big, first-name-basis small.

And each has the spirit and pride that make it uniquely Penn State.

Visit one or more of our campuses to discover what makes these communities such a vital part of the Penn State tradition. You can schedule a visit at [admissions.psu.edu/visit](http://admissions.psu.edu/visit).

Review the campus descriptions in this brochure. Check out the campus websites to learn more.

Once you’ve made your decision, contact Undergraduate Admissions at admissions@psu.edu or at 814-865-5471 and tell us which campus you are interested in. We’ll move forward with a review of your application and will get you a decision quickly.

The 2+2 plan isn’t the same old story. It is an option that opens up a world of Penn State possibilities to you.

**Explore your options. Make this YOUR Penn State story.**
About 60 percent of all first-year students start at a campus other than University Park ...

Then finish their degree at another location.
THON, the largest student-run philanthropy in the world, engages more than 15,000 Penn State students from every campus each year in the fight against pediatric cancer. Culminating in an annual 46-hour no-sitting, no-sleeping dance marathon, THON has raised more than $127 million since 1977.

“I committed to being a dancer because standing 46 hours for the kids is the biggest way we can show each family who has a child fighting cancer that we are there for them every step of the way.” — EVAN ARAVICH, PENN STATE DUBOIS
2+2 PLAN

As a Penn State student, you will work closely with an academic adviser on your course of study. That plan will allow you to seamlessly transition when you are ready to begin your upper-division (junior- and senior-year) course work. With twenty undergraduate campuses across Pennsylvania to choose from, you have built-in flexibility when planning your education.

Starting at a location other than University Park can be a more affordable option, too. At every campus, you’ll take the same classes and benefit from the attention and expertise of dedicated faculty who make Penn State a great place to learn.

Add in options for involvement in everything from Penn State’s Dance Marathon to clubs and sports, and it can be a great beginning to your Penn State story.

No matter where you start or finish, your degree will be a Penn State degree, one of the most respected in the country. At each campus, you will experience what sets Penn State apart and has earned it the distinction of being recognized among the world’s top universities.
Every story needs a good beginning. For the start of your Penn State story, find a campus that is right for you.
