PENN STATE

AT PENN STATE, YOU’LL JOIN A GLOBALLY RECOGNIZED UNIVERSITY THAT Ranks AMONG THE NATION’S BEST FOR SETTING GRADUATES UP FOR GREATER CAREER POTENTIAL. DISCOVER THE OPPORTUNITIES THAT WAIT AHEAD BY JOINING A COMMUNITY COMMITTED TO YOUR SUCCESS.
Penn Staters /pen 'stā-derz/ collective noun
A term describing the community created by more than 73,000 students and more than 700,000 alumni affiliated with Penn State.
ONE UNIVERSITY. TWENTY CAMPUSES.

Roughly fifty percent of students start at one campus before transitioning to another. It’s called the 2+2 plan, and it’s the most common path to a Penn State degree.
THE 2+2 PROCESS
» You can begin most majors at any campus, where you’ll take your General Education and prerequisite courses before moving to your ending campus to complete your degree.
» Toward the end of your second year, you will complete the change of campus process to start the transition to moving to your final campus.

THE CAMPUS ADVANTAGE
» Twenty campuses in diverse communities across Pennsylvania
» Four-year degrees at every campus
» Clubs, organizations, and athletic teams at each campus, including Division I, II, and III sports, intramural teams, and club sports
» Engaged learning opportunities capitalizing on campus partnerships with local business and industry
» Options for living on campus, off campus, or commuting from home
» Tuition savings possible at various campuses

CHOOSING A PENN STATE CAMPUS
» Penn State gives you the freedom to live and learn in an environment that suits you best. Some students choose to remain at one campus for all four years, while others spend their first two years at one campus and transition to another for their remaining two years. Each campus has unique qualities including their size, environment, and location.
» Students choose the 2+2 plan for many reasons; some to stay close to home or save money. Others may be looking for smaller class sizes or particular sports. Whatever the reason and wherever the campus, all students are members of the Penn State community.

THINGS TO KEEP IN MIND WHEN APPLYING TO PENN STATE

» Review the high school requirements for your intended major at admissions.psu.edu/apply/requirements/4year. Some programs have an additional math requirement.

» Penn State accepts applications through MyPennState and the Common App. You may complete an application starting August 1, of your senior year.

» Submit your Self-Reported Academic Record (SRAR). The SRAR is required to complete your application. A high school transcript will not be reviewed in place of the SRAR. Review more information at admissions.psu.edu/apply/srar.

» Research campus options. Most students are required to choose two campuses on their application. We will review your application for your first-choice campus, and if we are unable to offer admission to that campus, we then evaluate you for your alternate choice campus. Review campus options at admissions.psu.edu/campuses.

» The fall semester at the University Park campus is the most competitive and selective when it comes to admission. To give yourself a second review for the University Park campus, consider adding the summer session option to your application. More information can be found at summersession.psu.edu.

» Make sure your intended major can be completed at the campus where you plan to earn your degree. You can review each major and find the starting and ending campuses at admissions.psu.edu/majors.

Accept your offer by paying your deposit.
FINANCING YOUR DEGREE

A Penn State education is an investment in your future.

» To maximize aid eligibility, submit the Free Application for Federal Student Aid (FAFSA) by December 1, at studentaid.gov. Penn State’s federal school code is 00332.

» Pennsylvania residents must submit their FAFSA by May 1, to be eligible for the Pennsylvania State Grant.

SCHOLARSHIPS

» All students who are admitted to Penn State and submit a FAFSA are considered for scholarships. Some academic colleges, campuses, and other administrative units require additional information or separate applications.
