AM I A TRANSFER STUDENT?

You are a transfer student if you have attempted 18 or more semester credits at another college or university after high school graduation or GED completion.
TRANSFER STUDENT ELIGIBILITY

All of Penn State’s more than 275 majors are divided among the twelve academic colleges at the University Park campus and the six academic colleges across Pennsylvania. You can complete an undergraduate degree at any of the 20 campuses.

> As a transfer applicant, you are required to indicate a major when you apply, and your application will be evaluated by the standards set by the college in which your selected major is housed.

> Typically, academic colleges require students to have completed any prerequisite coursework with a grade of C or better in order to be admitted into a major.

> Review the transfer requirements for each major at admissions.psu.edu/info/future/transfer/eligibility.

> Some colleges have very limited space for transfer students; therefore, transfer admission is much more competitive.

> Not all majors at Penn State are open to transfer students.

APPLICATION REVIEW PROCESS

When we evaluate your college transcript(s), we calculate your cumulative GPA based on Penn State’s grading standards. We include all courses and grades attempted. This means we count all grades with a C- or below in the GPA calculation, including courses that were repeated.

> University Park: minimum of 2.5 grade-point average, though some majors have higher requirements. *

> For campuses other than University Park: minimum 2.0 grade-point average, though some campuses and majors have higher requirements.

> Individual majors and/or campuses may require an audition, portfolio, or interview as part of the application.

> Special consideration may be given to adult learners and active duty military/veteran students when making the admissions decision.

> The Prior Learning Assessment website has resources for how students can earn PSU credit for prior experiences (i.e., college courses, portfolio, military service, credit by exam, etc). Visit priorlearning.psu.edu to learn more.

* Note: students with less than four full-time semesters of college coursework by the time they wish to enroll at University Park will be referred to another Penn State campus until they have completed the required coursework; at which point, they will be eligible to transition to University Park to complete their degree.

CAMPUS SECURITY CRIME STATISTICS: The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act and Pennsylvania Act of 1988 require that crime statistics for Pennsylvania colleges and universities be made available to applicants upon request. Penn State’s combined Annual Security and Annual Fire Safety Report includes statistics for the previous three years concerning reported crimes that occurred on campus, in certain off-campus buildings owned or controlled by the University, and on public property within or immediately adjacent to and accessible from the campus. The report also includes institutional policies concerning campus security, such as those concerning alcohol and drug use, crime prevention, the reporting of crimes, sexual assault, and other matters. You may obtain this information for the Penn State campus to which you are applying by accessing the website at [www.policereport.psu.edu/jeanneclery](http://www.policereport.psu.edu/jeanneclery). A printed copy of the report may be obtained by writing to University Police & Public Safety, The Pennsylvania State University, Eisenhower Parking Deck, University Park PA 16802-5901, Tel (814) 865-4700/V, (814) 863-1150/TTY.
