EXPLORE THE 2+2 PLAN

PennState

We are Penn State.

We know that there is a lot to consider when you're deciding which college will be the best fit for you. No matter what, you want to know that the university you choose is not only going to help you get to the next level, but allow you to thrive.

**WE'RE READY FOR YOU.
Start planning your Penn State experience.**

THE PLAN

Roughly fifty percent of students start at one campus before transitioning to another. It's called the 2+2 plan, and it's the most common path to a Penn State degree.

Penn State gives you the freedom to live and learn in an environment that suits you best. Some students choose to remain at one campus for all four years, while others spend their first two years at one campus and transition to another for their remaining two years. Each campus has unique qualities including their size, environment, and location.

Students choose this path for many reasons; some to stay close to home or save money. Others may be looking for smaller class sizes or particular activities. Whatever the reason and wherever the campus, students are members of the Penn State community.

GET TO KNOW THE VALUE OF A PENN STATE CAMPUS:

Penn State's network of twenty undergraduate campuses gives you options and access to community settings in a variety of urban, suburban, and rural locations, including several campuses within a short drive of Philadelphia, Pittsburgh, and other major cities.

- Twenty campuses in communities across Pennsylvania
- Four-year degrees at every campus
- Clubs, organizations, and athletic teams at each campus, including Division I, II, and III sports, intramural teams, and club sports
- Engaged learning opportunities capitalizing on campus partnerships with local business and industry
- Options for living on campus, off campus, or commuting from home
- Tuition savings possible at various campuses

Once you enroll at your starting campus, you won't reapply for admission when it's time to move to your second campus. Toward the end of your second year, you will complete the change of campus process with your adviser to start the transition to moving to your final campus.

Most of our majors can start at any campus, where you will take your General Education and prerequisite courses for your major before moving to your ending campus to complete your degree.
