

# Explore the 2+2 Plan

20 CAMPUSES. ONE UNIVERSITY.  
WE ARE PENN STATE.

The 2+2 Plan allows Penn Staters to spend two years at one campus before transitioning to another campus to complete their degree.

## BENEFITS OF THE 2+2 PLAN

Pursuing the 2+2 Plan at Penn State offers you a variety of benefits, including:

- ▶ Campus locations across Pennsylvania
- ▶ Four-year degrees at every campus
- ▶ Clubs, organizations, and athletic teams at each campus, including Division I, II, and III sports, intramural teams, and club sports
- ▶ Engaged learning opportunities capitalizing on campus partnerships with local business and industry
- ▶ Options for living on campus or off campus, including commuting from home
- ▶ Tuition savings

Most importantly, you'll receive a high-quality Penn State education regardless of which campus you attend.

## A SEAMLESS TRANSITION

You do not have to reapply for admission when it's time to move from your first campus to your second. Instead, you'll complete the change of campus process with your advisor to begin your transition.

Most of our majors can be started at any campus, where you'll take General Education and prerequisite courses for your major before moving to your ending campus to complete your degree.
