## **Exploring University Park Campus**

Penn State has a large campus, and although your walking tour will cover most of the main points, many groups like to visit additional areas or points of interest after their tour. Your parking is good throughout the day of your visit, so feel free to explore campus after your scheduled visit. If you have additional parking questions, such as where to park off-campus, please contact our office prior to your visit, or ask upon arrival at the Shields Building. If there is something your group wishes to visit, please be sure to ask your tour guide for directions at the conclusion of the tour and they will be able to provide directions for you. Some popular destinations on campus include:

- [The Lion Shrine](#)
- [The All Sports Museum](#)
- [The Berkey Creamery](#)
- [The Palmer Museum of Art](#)
- [The Arboretum at Penn State](#)

We do recommend checking hours and availability ahead of time with each individual location you plan to visit, especially if your group is interested in receiving more programming. The Undergraduate Admissions Office is not able to assist groups in scheduling tours of the above locations, and many other locations on campus, although, we may be able to point you in the right direction!

## **Exploring State College**
